Areas of Expertise

DIESEL EN 590 PP10

Diesel EN 590 PP10 is the European standard for road diesel, recognised for its high quality and outstanding performance. Luxuniverse Holding SRL's Commodity Division offers this certified product, guaranteeing a safe and verified supply chain, capable of satisfying even the most demanding markets.

- **Certified quality:** Meets all European criteria for diesel.
- **Reliable supply:** We manage solid supply chains to guarantee continuous availability.
- **Competitive prices:** We offer competitive rates thanks to strategic partnerships.

A1 JET FUEL

Jet A1 is top-grade aviation fuel, essential for the civil and military aeronautics industry. Luxuniverse Holding SRL's Commodity Division supplies A1 jet fuel that meets all international standards, ensuring high performance and safety when flying.

- **International standards:** Complies with all ICAO and IATA standards.
- **Global availability:** We supply fuel from international partners.
- **Sustainability:** We are committed to offering more environmentally-friendly and sustainable solutions.

24-CARAT GOLD BARS

Investing in gold is a safe and sound strategy for preserving and increasing wealth. Luxuniverse Holding SRL's Commodity Division offers pure 24-carat gold as an investment, with certifications proving its quality and source.

- **Guaranteed purity:** 99.99% pure gold.
- **Certifications:** Each bar comes with internationally recognised certifications.
- **Investment solutions:** We offer customised consultancy to optimise the returns on your portfolio.

We offer a complete range of services to facilitate the trade of basic goods, guaranteeing quality, compliance and efficiency in business transactions.

SUPPLY AGREEMENTS WITH INTERNATIONAL PRODUCERS AND REFINERIES

We have established supply agreements with some of the biggest international producers and refineries, therefore guaranteeing that our clients only get high-quality oil products.

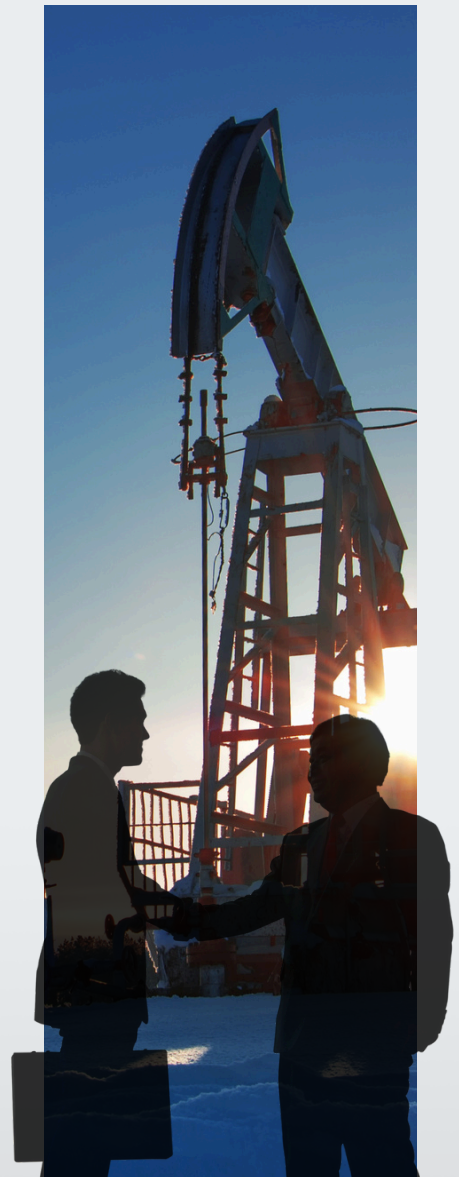

These agreements come from years of strategic collaborations and work, ensuring a continuous supply of raw materials, with the option of customising supplies based on the specific needs of each client.

We work with reliable, well-known partners to offer a service that not only meets but even exceeds our clients' expectations.

WIDE RANGE OF FUEL AND OIL PRODUCTS AVAILABLE

Our offer includes a wide range of fuel and oil products that can meet the needs of various industrial and commercial sectors.

Thanks to our diversified supply channels, we can guarantee a continuous supply of products, regardless of demand.

ATTRACTIVE PRICES CAPABLE OF MEETING BUYERS' EXPECTATIONS

We understand the importance of competitive prices on the market. This is why we offer prices that reflect actual market conditions, maintaining a balance between product quality and affordability.

Our offers are designed to meet buyers' expectations, always offering flexible and transparent solutions.

With us, clients can be sure that they are not only getting an excellent product, but also added value in terms of costs.

PROVEN INTERNATIONAL PROCEDURES CAPABLE OF MEETING THE NEEDS OF BUYERS AND SELLERS

We operate according to strictly tested international procedures that comply with industry standards. These procedures, perfected through years of experience in international trade, are designed to guarantee transparency, efficiency and security in every transaction.

We ensure a smooth process both for buyers and sellers, with clear documentation while meeting delivery times. Our standardised approach minimises risks and helps achieve the business goals of all the parties involved.
